Hotel Dieu School Of Nursing To Enroll Two Classes In 1952 Is Announced

Hotel Dieu School of Nursing, New Orleans, will enroll two classes of student nurses in 1952 in an effort to help relieve the growing shortage of nurses. Sister Aloysius, Director of the School and of Nursing Service, announced this week.

Hotel Dieu School of Nursing will admit the first class on February 11th and the second class in August.

A survey of nursing needs in Louisiana sponsored by the Louisiana Nurses Association disclosed that a shortage of 1750 nurses could be expected in the State in 1960. The estimate was based on the assumption that nursing schools in the state would graduate 500 students a year, but present enrollment statistics indicate that only 440 will have been graduated by the end of 1951, 228 in 1952 and 400 in 1953.

The Hotel Dieu School of Nursing is operated by the Daughters of Charity of St. Vincent De Paul, 420 South Pious Street, New Orleans. It is approved by the National Nursing Accrediting Service and admits men and women between the ages of 17 and 35 who are high school graduates and can pass the entrance examinations prescribed by the National League of Nursing Education.

The three-year course entitles the graduate to take the examination for registered nurse and the student earn from 43 to 45 semester hours of college credit towards a Bachelor's degree in Nursing Education.

WANTED—OLD TOYS

Why? So the Boy Scouts can repair them and redistribute them to needy children for Christmas.

Each year the Boy Scouts take great pleasure in doing this work. It makes them feel that they have helped to give some poor little child a Merry Christmas and they cannot do this without your help.

They ask that you search your house, attic and garage for old discarded toys of your children or grandchildren. If you will call Mr. James Fillington, at 1667-J, he will see that the toys are placed up.

The Boy Scouts are willing and eager to pick up to you to supply the old toys and let them do the need.

Christmas Seal Campaign In Hancock County Good But Must Improve

Judson M. Allred, Jr., Executive Secretary of the Mississippi Tuberculosis Association, announced today that a total of \$148.50 has been received from the sale of Tuberculosis Seals in Hancock County through November 28.

Mr. Allred stated that we must put forth every effort, and each citizen contribute as generously as possible if we are to reach the \$100,000 goal aimed for in all the counties in Mississippi.

Since Tuberculosis is easily discovered by means of X-ray and since the disease can be successfully treated if found early enough, it is to our own personal benefit that we as citizens, support our State and County Tuberculosis Associations in their programs of Tuberculosis Control toward the eventual eradication of the disease from Hancock County and the State of Mississippi.

We urge all citizens to make a generous contribution through the purchase of Christmas Seals in order that sufficient funds will be available to finance tuberculosis case-finding and health education programs in Hancock County throughout the coming year.

Additional Seals may be obtained by contacting Mississippi Tuberculosis Association, P. O. Box 605, Jackson, Mississippi.

OUR CHRISTMAS LIGHTS

We want to take this opportunity to commend our merchants and private citizens and whoever else may have had a hand in the stringing of the Christmas lights throughout the various business districts in town.

Besides bringing out the Christmas spirit, it really adds to the appearance of the town, and keeps us on a par with our neighboring communities.

This is the sort of spirit that should be manifested not only at this one time of the year but all the year 'round in order to induce our people to stay at home to do their shopping, rather than run off to neighboring communities to spend the money they earn right here in their own town.

When we stop and analyze the situation from all angles we must admit that the public is not altogether at fault, and if the merchants will continue to make their stores as well as their town more attractive to their clientele, they will find the public will appreciate their efforts and respond to such an extent as to spend more money right here at home.

So, again we doff our hats to the merchants and ask that they continue the good work.

You Ask, "How much is a Rural Telephone Worth?"

"You ask, 'How much is a rural telephone worth?'" a subscriber said. "Well, in emergencies, like the time when our barn caught fire, there's no telling; but I can tell you that our telephone is worth more to us everyday than it costs us!"

Most telephone subscribers have ways of their own by which they measure the value of telephone service. Few, however, are in a position to estimate how much more it costs to provide good telephone service in the times of rapidly advancing rates of labor and materials — or to realize how these higher costs must affect the phone rates, or plans for future expansion of telephone facilities in Mississippi.

In the face of increasing prices for everything used by us, we have continued to expand and improve our rural telephone service in Mississippi, expanding for this purpose more than 8 1/2 million dollars in less than 6 years since January 1, 1946. This 8 1/2 million was all new capital obtained from investors with faith in Southern Bell's ability to pay them a fair rate of interest for the use of their money.

One of the things our rates for telephone service must do, therefore, is to enable us to pay a reasonable rate of interest to investors. The other is to pay the cost of maintaining and operating our facilities.

The difference between telephone rates that are inadequate for these purposes and rates that enable us to provide good telephone service and respond to some of the growing demands of a growing state is only a few cents a day!

Mrs. Ernest Carrere assisted her hostess in serving the guests, which numbered approximately thirty-six.

Mrs. F. J. Trastour Entertains At Two-table Bridge

Having issued at the Yacht Club on Wednesday was a group of friends of Mrs. F. J. Trastour, Jr., a two-table bridge club that has been playing continuously for the past twenty-five years. They call themselves the Birthday Buddies and meet regularly to celebrate members' birthdays.

Wednesday was in celebration of Mrs. Trastour's birthday which was in October. Those driving over from New Orleans were Miss Lillie Baker and Madames Ernest Loeb, Arnold D'Echaux, Geo. Rowley, Chas. Miranne, Tom Casey, Mae McDouglid. The ladies spent the night at the home of the Edward Rowleys on South Beach and were the guests of Mrs. Trastour at her home on Thursday to celebrate Mrs. Loeb's birthday.

While we are not saying goodbye to Billie, it is a sad parting and all of her friends will miss the daily contact that we have enjoyed in her company; the Canasta games just won't be the same.
